CAFE, the **IEEE Conference on AgriFood Electronics**, covers circuits and systems, integrating the needed sensors, actuators and interfaces, applied to the **AgriFood chain of value**. Technologies for food production, processing, quality control, and preservation are included. The **CAFE** papers will be published in **IEEE Xplore** and the best ones will be selected and proposed to participate to a **Special Issue** in the **IEEE Transactions on AgriFood Electronics (TAFE)**.

As a twin event with **CAFE**, the IEEE CAS Industry Forum **IAFE (Industry for AgriFood Electronics)** will be organised, where experts from the industry will be invited to share their experience in the development of applications for AgriFood Electronics.

**THE BEST PAPERS MAY BE EXTENDED IN
THE BRAND NEW IEEE TRANSACTIONS
ON AGRIFOOD ELECTRONICS (TAFE)**
