

Call for Special Issue Proposals

IEEE Transactions on Circuits and Systems for Video Technology

The call for Special Issues proposals for IEEE Transactions on Circuits and Systems for Video Technology (TCSVT) is now open. The special issues should focus on hot and emerging topics in all areas relevant to TCSVT.

The deadline for submission of special issue proposals to Associate EiC is **1 September 2024**. The decision will be communicated to all applicants by **30 September 2024**. Each proposal should include:

- A draft of the call for papers that includes a list of topics the special issue will include
- Rationale for the proposed topic
- Timeline (manuscript submission deadline, first and second revision deadlines, and final manuscript due date)
- Biographies of all guest editorial team members including their qualifications
- Potential sources of submissions and an estimate of the number of expected submissions

It is advised that the team of Guest Editors does **not exceed six members**. It is encouraged that the guest editorial team includes **at least one current Associate Editor** of TCSVT. A balance between academic and industrial editors, gender balance, and geographical representations should be considered when forming the guest editorial team.

Please send the proposal to:

Shan Liu

Associate EiC, IEEE TCSVT
