

## Call for Young Professionals Papers

ICECS is an international conference dedicated to circuits and systems, held annually in Region 8 (EU, Africa and Middle East). The 33rd edition of this IEEE Circuits and Systems Society flagship Conference will take place at **Thessaloniki, Greece, 8-11 November 2026**

### Indicative Topics

- Analog/mixed signal/RF circuits
- Biomedical and Bio-inspired Circuits and Systems
- Digital Circuits and Systems
- Linear and Non-linear Circuits
- Low-Power/Voltage Design
- EDA, Test and Reliability
- Circuits and Systems for AI Algorithms
- AI-driven Circuit Design
- Energy Harvesting and Power Management
- Microsystems and Embedded systems
- Sensors and Sensing Systems
- Neural networks, Machine and Deep Learning
- Signal Processing, Image and Video
- VLSI Systems and Applications
- Emerging technologies and technology trends
- Education in circuits and systems

The Organizing Committee of ICECS 2026 invites short paper submissions from young professionals.

Authors are encouraged to submit **two-page papers** in standard IEEE double column format that include an abstract, introduction, idea development, results, acknowledgments, and citations. Accepted papers will be submitted for inclusion to IEEE Xplore.

The thematic area of the papers should correspond to the conference topics (left column).

Selected contributors will have the opportunity to present their work during a dedicated poster session, where they can showcase their ideas and engage in discussions.

This session will provide a valuable platform for sharing innovative concepts within a specific field of research, fostering interaction with fellow researchers.

### Important Dates

<b>July 28, 2026</b>	Paper Submission Deadline
<b>August 28, 2026</b>	Notification of Acceptance
<b>September 14, 2026</b>	Final paper submission deadline
<b>September 15, 2026</b>	Early registration deadline

**Submit at <https://www.icecs2026.gr/submissions/> in the track: Young Professionals session**
