

OJCAS Special Session @ ISCAS 2027

IEEE Open Journal of Circuits and Systems (OJCAS) will feature a special session at ISCAS 2027. Authors have the option to submit a 5-8 page paper directly to the IEEE Open Journal of Circuits and Systems, and if accepted, present results at a Special Session of the IEEE ISCAS 2027.

Authors participating in this initiative will submit manuscripts for consideration in OJCAS and present their work at ISCAS 2027. Manuscripts will undergo a review process coordinated with the conference schedule while maintaining the high standards and rigorous peer-review procedures of CAS journals. Accepted papers will be presented at ISCAS 2027.

Timeline

- **Initial manuscript submission:** October 1, 2026
- **First-round notification:** November 10, 2026
- **Revised manuscript submission:** December 10, 2026
- **Second-round notification:** January 5, 2027
- **Minor revision/acceptance/editorial assessment:** January 5-27, 2027
- **Final decision:** January 27, 2027

APC Fees

If the manuscript is accepted, authors will be required to register for ISCAS 2027 at the full conference rate. No other APC fees are required.

Information on OJCAS manuscript preparation, formatting requirements, and submission guidelines can be found on the [OJCAS website](#). When submitting in the author portal select “ISCAS2027” for article type.
